## the New World of Hearing

### Discover

Beltone's New True™ Technology

Discover Huge Advancements in a Tiny Hearing Aid.

Our tiny microchip makes True™ a "Super Computer" for your ears!

#### USE THE PHONE HANDS-FREE

Direct Phone link gives you phone conversation in both ears, hands-free & feedback-free.

#### HEAR CLEARLY JUST ABOUT ANYWHERE

Hear easily in noisy environments (like restaurants) with Speech Spotter Pro™ & Spatial Directionality.

#### WATCH TV WIRELESSLY

Direct TV Link sends sound wirelessly from your TV, stereo & computer directly into your hearing aids.

#### FORGET FEEDBACK

Feel comfortable & confident. Feedback eraser™ eliminates whistling & buzzing.

#### ENJOY LOW MAINTENANCE

Exclusive NanoBlock™ Coating repels moisture & dirt, inside & out, for high-level performance.

Beltone True™ is the World's Smallest Receiver-in-ear instrument.

#### HIDE FROM VIEW

Tiny & light, Truis the 'out-of sight' hearing aid you'll forget you're wearing!
